## Exclusive technology.

There's no uncertainty here.

From the first plank to every moment after, the possibilities are endless. And the performance is absolute. This is decking done differently through mineral-based ingenuity. With a durability that embraces the seasons and peace of mind that lasts a lifetime, any outdoor living space can now be transformed into a year-round sanctuary.

And by combining distinctly natural wood-grain patterns with rich colors, it's never been easier for your outside space to become an extension of you. A space that must be seen, touched, and stood upon to be believed.

The decking bar has been raised, and the difference is unmistakable. You can be sure of it. Surestone™.

# SLEEPER SYSTEM featuring Surestone™ Technology

Use the Sleeper System as a water and ground contact approved substructure for rooftop decks, decks over concrete patios and more.

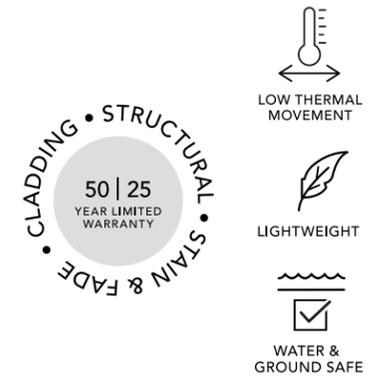

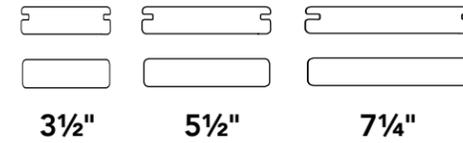

- Dimensions are 1½" x 1½" x 8' or 12'
- Two-toned to complement any deck board choice
- For use only with Surestone™ Technology decking or porch flooring
- Fasten deck boards or porch flooring boards directly into Sleeper System
- Compatible with Stowaway™ Hidden Fasteners
- Sleepers are not structural and must be installed on a solid surface

# RESIDENTIAL CLADDING

Deckorators® Surestone™ Technology decking can also be used as exterior cladding. Lightweight yet unbeatably strong, it's an optimal choice for your home exterior. Whether you wish to use Voyage, Vault or Picture Frame Board, each offers unmatched durability and low thermal movement.

- Approved for 3½", 5" and 7¼" widths
- Furring strips placed 24" on center
- Compatible with face screws, Pro Plugs® or Stowaway™ Hidden Fasteners
